NDIS PROVIDER

# Let's help you live the way you want.

Supported Independent  
Living (SIL)

Having a safe place to call home, where you feel relaxed, happy and comfortable is a human right. When you're facing life's challenges, a secure place to call home is one less thing to worry about.

Baptist Care SA will support you to live as you choose and as independently as possible. We can help with daily tasks so you'll have less stress and more time in the day for the things you want to do.

# Living life to the fullest.

Do you want to live well, have your own space and stay connected to your community?

**Together we'll build on your strengths** while doing those everyday tasks like

- keeping your home clean
- catching the bus
- shopping
- visiting the library
- playing a sport
- and other things that are important to you

We're with you for every aspect of your life. If you have a problem or something which is causing you to feel anxious, we'll support you and work through it as a team. Everyone is different, so we never take a 'one size fits all' approach to issues. Together we'll find the best solution.

We can support you to link with allied health professionals to help you to develop the skills to become as independent as possible. Our Specialist Support Services can also **help you to feel safe, calm and happy in your own space.**

# Let's talk about your needs.

Of course, everyone's needs are different. We'd like to discuss yours so we can assess how we'd best work together.

# Inspiring Achievement.

For more than five years, Baptist Care SA has been helping people living with a disability achieve their hopes and dreams. It is a privilege to work in partnership with you on your journey to achieve your NDIS goals.
